T3

ATLAS T3 PLATE CARRIER

Part of the Atlas Tactical Series, the Atlas T3 Tactical Plate Carrier is designed for operators that require lightweight protective coverage and high-speed mobility. Engineered as a scalable ballistic platform with optional quick release functionality and a range of accessories that are compatible with all Atlas series vests. The Atlas T3 offers a low-profile solution that is fully customizable with soft and hard armor inserts for mission-specific adaptability.

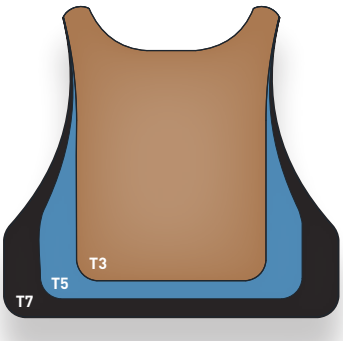
COVERAGE



The Atlas Tactical Series offers a holistic approach to tactical design. Three platforms offer varying areas of coverage without sacrificing consistency of appearance or interoperability of accessories. Whether the mission is dynamic entry or team support from afar, the Atlas allows teams to select a single design solution while offering each member a choice of platform that is consistent with their individual role and functional requirements. The Atlas Tactical Series...
for the one team with many missions.
